Scramble Rules & Tournament Information

SCRAMBLE

Everyone drives from their respective tee and then the team chooses which ball they want to hit their second shot from. The other three players pick their balls up and place them with-in one club length, no closer to the hole, from their chosen location.

NOTE: A minimum of 1 DRIVE from TEE Box per player must be selected.

Everyone hits the second shot and the team selects the best shot again. The other three players pick up their balls and place them with-in one club length, no closer to the hole, from the chosen position. This system continues until the ball is holed.

If the selected shot is in a hazard or bunker, all balls must be played from the hazard or bunker. In other words, the one club length cannot take you out of a hazard or bunker.

When the selected ball is on the green, all of the players must place their balls with-in a score card, no closer to the hole, of the chosen position.
